GANGWON2024 WINTER YOUTH OLYMPIC GAMES

TRANSPORT GUIDE

Welcome to the Gangwon 2024 Winter Youth Olympic Games!

We have pleasure in providing the Gangwon 2024 Transportation Services Guide for all stakeholders participating in the Games.

The information provided in this Guide is to assist you in moving around the Games using the dedicated Gangwon 2024 Transport system.

For your safety and efficient movement, please follow the instructions of the Gangwon Youth Olympic Organizing Committee(YOGOC) staff when moving around!

The 2024 Gangwon Winter Youth Olympic Games transportation staff are ready to assist you.

We hope you enjoy the Games to the fullest by referencing this transport guide!

01 GANGWON 2024 TRANSPORT

GROW
TOGETHER
SHINE
FOREVER

The transportation services for the Gangwon 2024 Games will be operational from January 13th to February 3rd, 2024.

The Transport team will establish an efficient and convenient transportation environment by connecting official venues such as the Youth Olympic Villages, competition venues, and official stakeholder hotels. The Transport Services will be available for all accredited stakeholders participating in the Games when wearing the YOAC.

The Gangwon 2024 transportation system will primarily consist of regular and reliable shuttle bus services and will be divided into two types:

- **Common Shuttle Service(CSS)** : operating on pre-determined routes and timetables, accessible to all accredited YOG stakeholders and scheduled to support YOG schedule (training, competition, festival and working hours of YOG stakeholders); and
- **Pre-planned Service(PPS)** : operating on pre-determined routes and scheduled according to the specific operational needs of eligible YOG stakeholders.

To operate the transportation system efficiently, YOGOC will set up five Transport Malls in Gangneung (2), Pyeongchang (1), Jeongseon (1), and Hoengseong(1).

These Transport Malls will serve as transportation hub points connecting different Transport Services.

Please refer to the table next page for the locations and operating routes of each TRA Mall.

COMMON SHUTTLE SERVICE(CSS)

CSS is the main transportation for Gangwon 2024, connecting official accommodation and competition venues. It's divided into routes that circulate within a cluster and routes that connect different clusters:

- **Intra-Cluster** : The CSS routes circle Gangneung, Pyeongchang, and Jeongseon, interconnecting accommodations, competition venues and non-competition venues.

- **Inter-cluster routes** : The CSS routes connect;

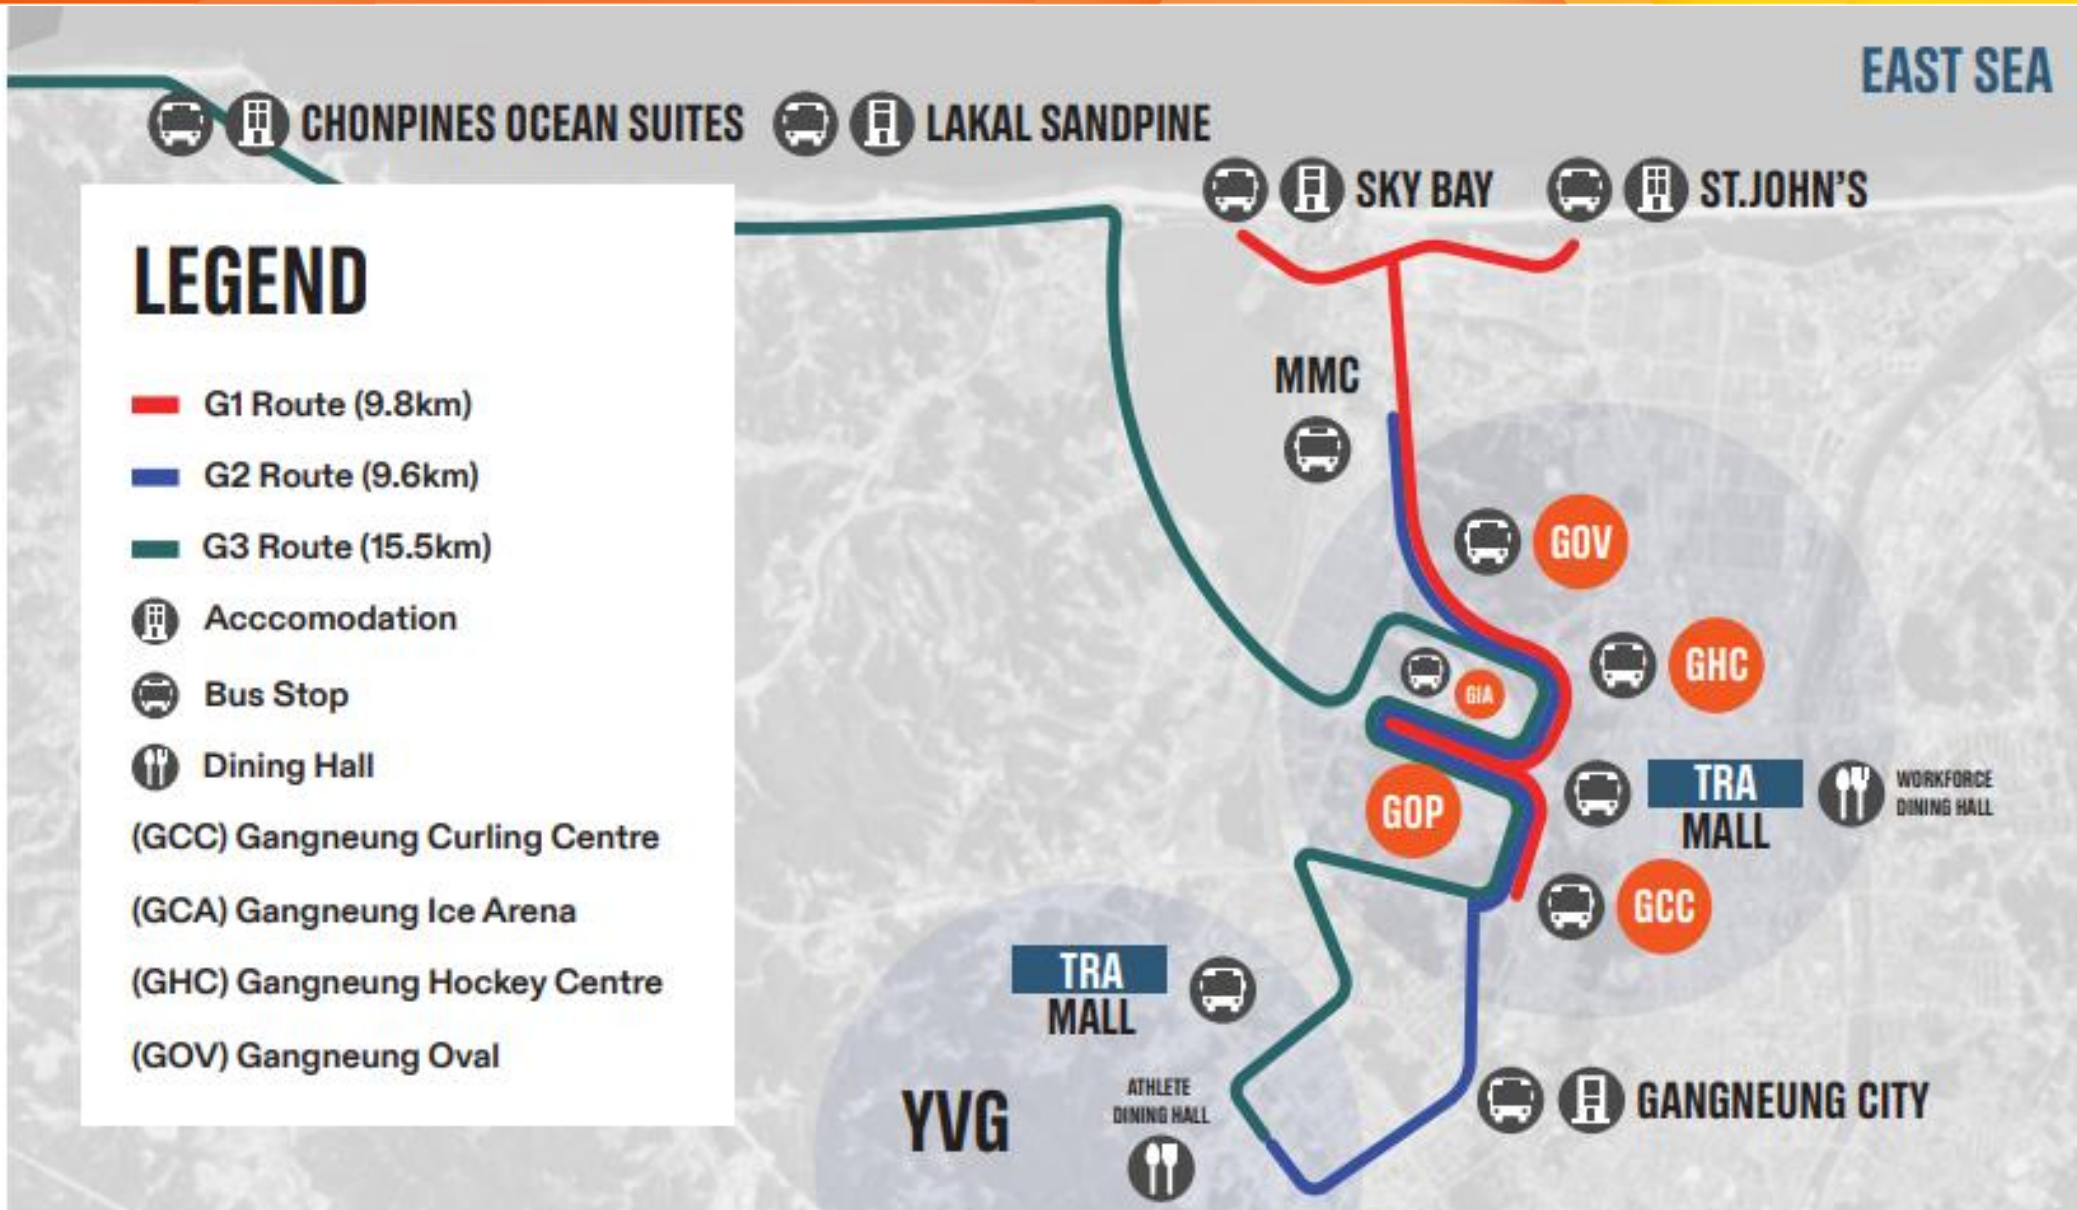

- Gangneung and PyeongChang;
- Gangneung and Hoengseong;
- Gangneung and Jeongseon;
- Pyeongchang and Jeongseon; and
- Pyeongchang and Hoengseong.

On the day of the opening ceremony (January 19th), all CSS bus operations will cease after 3PM and will be transitioned to transportation dedicated specifically for the opening ceremony. Detailed routes and schedules for the opening ceremony day will be announced at each accommodation and the Youth Olympic Villages(YOVs)

Accredited stakeholders can use these routes from the Transport Mall established in each cluster. Bus frequency, operating hours can be found on the following page.

* Please note that travel times may vary due to traffic conditions (commuting, heavy snow, etc.). Make sure to plan your travels with ample time to account for any potential delays!

PRE-PLANNED SERVICE(PPS)

The Pre-Planned Services (PPS), provide another efficient main transportation means for Gangwon 2024 stakeholders to a designated destination at an agreed time pursuant to the pre-determined schedule including competition schedule for athletes and team officials, the Opening Ceremony, Arrival and Departure (AND) services and other special events.

The PPS will be arranged to allow athletes and team officials to arrive at their respective competition venues prior to the start of their training and competition sessions. The PPS schedule has been confirmed through four demand surveys via each FA. Unplanned PPS schedule assignments are not possible.

If you need to request a change to an already assigned PPS schedule, please submit your request through the Sport Manager or the relevant Functional Area (FA).

The PPS priorities seats for athletes and team officials.

* Each FA is required to consult (request changes) with TRA at least one day(until 3pm) before the start of operations in case of PPS operational changes due to schedule adjustments.

07 VEHICLE RENTAL

Gangwon 2024 Transport Team will provide information on car rental service providers who can offer guidance in English, including details on liability and costs. Stakeholders can contact the car rental companies directly.

An International Driving Permit is required, otherwise, your driving licence issued from your country is required be translated and certified at a Korean embassy .

Foreigners driving a vehicle in Korea must complete and sign a vehicle rental contract and take responsibility for any accident damage or legal issues that may occur during its use.

The following conditions are required to rent a car and drive in the Republic of Korea:

- Valid International Driving Permit by a member country of the Geneva or Vienna Conventions(within 1 year from the date of entry) or Korean Driver's Licence
- Credit card or cash deposit
- Credit card information for the settlement of the violation fine(speeding, illegal parking, etc)
- Minimum age of 21

In the case of countries that do not fall under the above-mentioned categories, driving in South Korea is possible by either:

- 1) Exchanging a foreign driver's licence for a domestic one.
- 2) Obtaining a new driver's licence in South Korea.

07 Vehicle Rental

GROW
TOGETHER
SHINE
FOREVER

To rent a vehicle, you need to engage with a vehicle rental company and complete a vehicle rental agreement.

The vehicle rental agreement includes matters related to insurance. Additional options such as snow tires and chains may be provided through contractual arrangements with the vehicle rental company.

Please see attached list of car rental companies. You are not limited to these; feel free to choose any other car rental company if you prefer.

If renting a vehicle, and if you plan to use in a Venue, and you are eligible for a VAPP you can apply for a VAPP in advance through Transport team to use it. Please refer to the 08 VAPP Session.

Furthermore, when operating a rented vehicle in Korea, the driver is responsible for accidents that occur while using the vehicle and for any violations of traffic regulations (parking, fines, other penalties) that may arise.

South Korea has **signal/speed cameras** installed in various locations throughout the city and on highways. Please drive according to the signposted speed signs and in accordance with traffic and climatic conditions at all times. As a guest in Korea please obey the traffic laws.

If detected by these cameras, the driver registered user of the rented car is required to pay fines. It is recommended to maintain a distance of approximately 500m to 1km from the navigation system's notification point.

VAPP(VEHICLE ACCESS AND PARKING PERMIT)

Access and parking at the Gangwon 2024 Youth Olympic Villages and competition venues are very limited.

We recommend that all Stakeholders utilize the most reliable transportation system, which includes the CSS and PPS provided by the Gangwon 2024 transportation system.

Gangwon 2024 will provide limited parking spaces to those Stakeholder who are eligible and who have applied for a Vehicle Access Parking Permits (VAPP) for operational purposes only and to be used on an exceptional basis.

All vehicles accessing YOG competition venues and official parking areas, designated (P0, P1) must clearly display the VAPP issued by Gangwon 2024 to gain access.

On the day of the opening ceremony, only vehicles equipped with VAPPs designated for the event are allowed access to the opening ceremony (GOV, GHC). General VAPPs are prohibited from use in the GOP on that day.

Competition & Non-competition Venue Code

Competition Venue

| Gangneung Cluster | Pyeongchang Cluster | Joengseon and Hoengseong Clusters |
|--------------------------------|-----------------------------------|--|
| Gangneung Curling Centre – GCC | Alpensia Biathlon Centre - ABT | Jeongseon High1 Ski Resort - JHO |
| Gangneung Ice Arena – GIA | Alpensia Ski Jumping Centre - ASJ | Hoengseong Welli Hilli Park Ski Resort - WHP |
| Gangneung Hockey Centre – GHC | Alpensia Sliding Centre – ASL | |
| Gangneung Oval – GOV | | |

- All competition venue(excludes non-competition venue) = **ALL**,
- GCC+GIA+GHC+GOV = GOP
- The **JHO** parking lot utilizes the same parking area as the **YVH** parking lot

Non-Competition Venue

| | | |
|---------------------------------------|--|-------------------------|
| Youth Olympic Village Gangneung - YVG | Youth Olympic Village Jeongseon High 1 - YVH | Main Media Centre - MMC |
|---------------------------------------|--|-------------------------|

* YVG+YVH = **YOV**

VAPP Principles

- Stakeholders are provided VAPPs in accordance with the VAPP Policy.
- VAPPs are provided according to entitlement at no cost and cannot be purchased.
- VAPPs are applicable to cars and 9-seater mini vans only and not applicable to buses other than the CSS and PPS operations.
- The VAPP does not guarantee parking spaces and operates on a first-come, first-served basis.
- Only vehicles with the appropriate VAPP displayed are allowed access and parking authorization.
- The VAPP must be consistently displayed and prominently visible at all times during access control and parking periods.

Parking Code

| Code | Clients |
|------|--|
| P0 | Domestic and International Dignitaries, IOC President, OBS, Delivery and service, Anti-Doping, etc. |
| P1 | NOC, International Federations (IFs), IOC, Media, Technology/Equipment Providers, Marketing, YOGOC, etc. |

08 VAPP– Permit Codes and Explanation

1. Venue Code– Indicating a specific venue with vehicle access and parking available

(**ALL** indicates all Venue access)

2. Color- Assisting operational staff in identifying vehicles and guiding them to specific parking spaces and access points

3. Parking Code– Registered vehicles indicate assigned parking zones.

4. Stakeholder Code– Groups with VAPP issued by client code are represented.

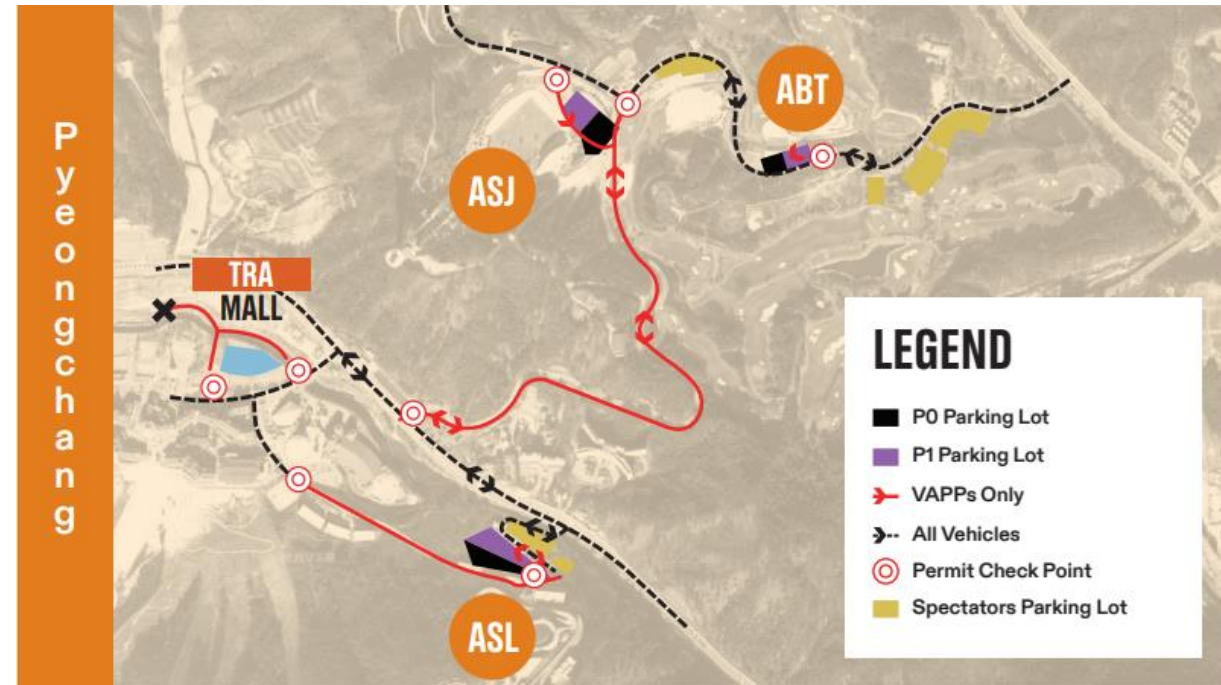

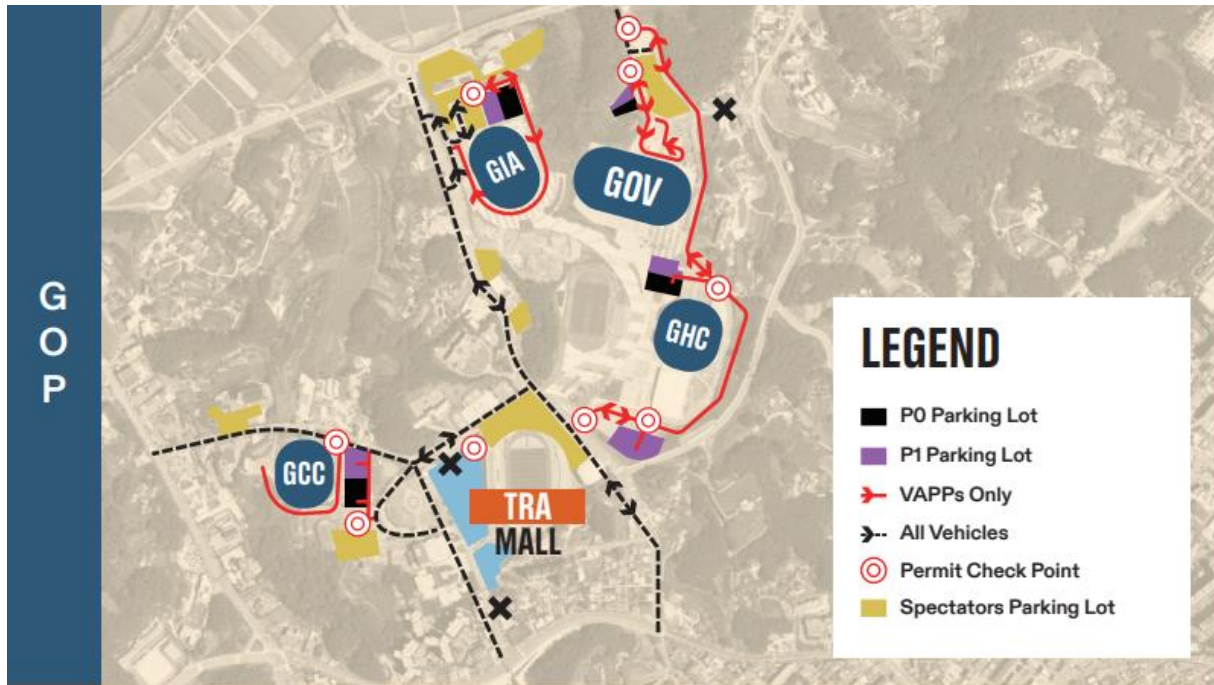

5. YOGOC Logo– Representing the 2024 GangwonWinter Youth Olympics.

6. QR code– Verify accessible parking locations with QR codes.

7. Serial Number– Assigning serial numbers for VAPP management.

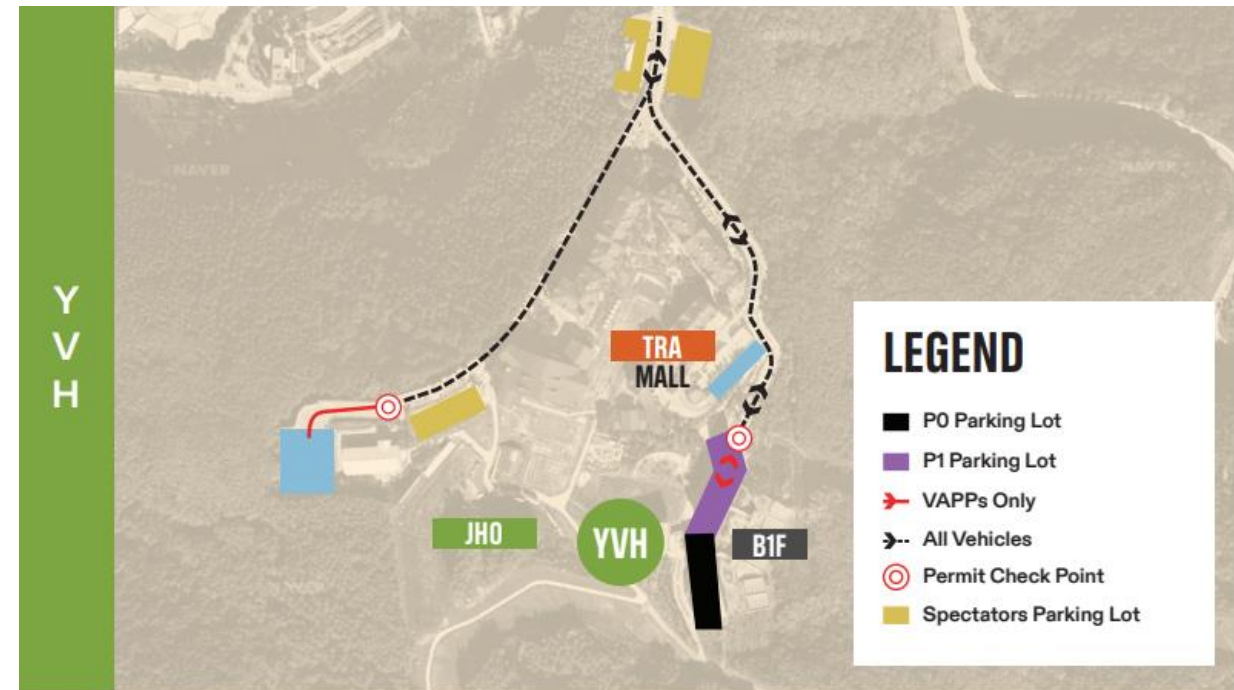

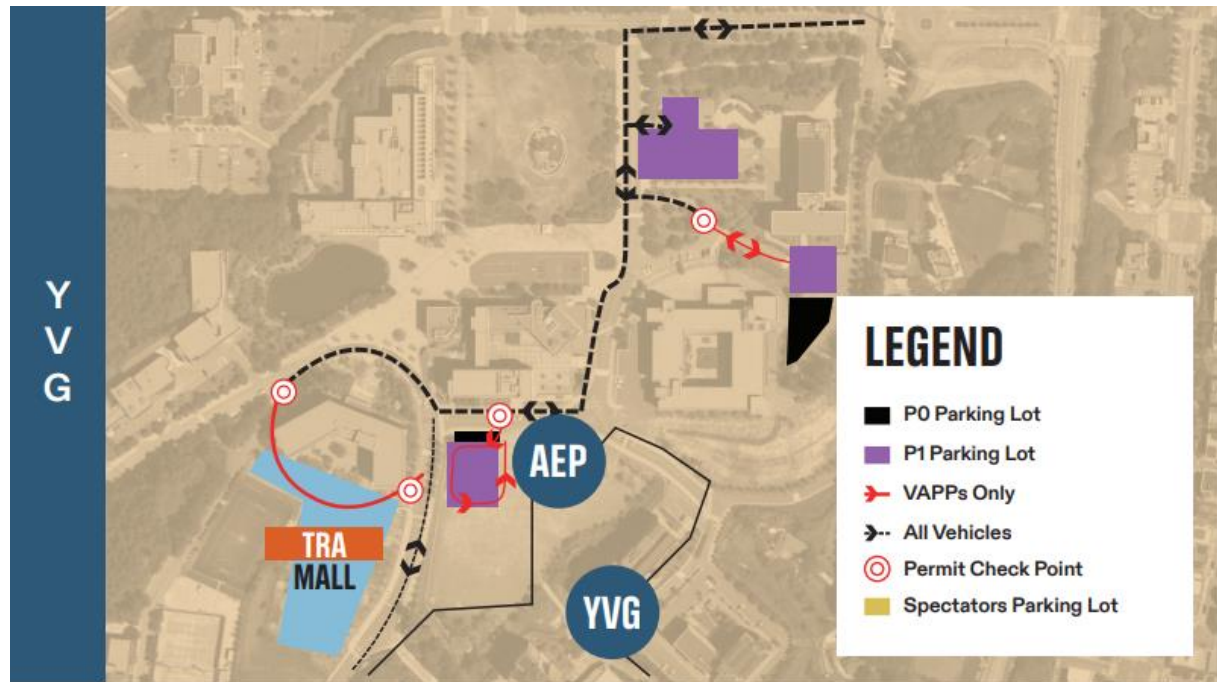

Venues showing P0 and P1 parking spaces for VAPP

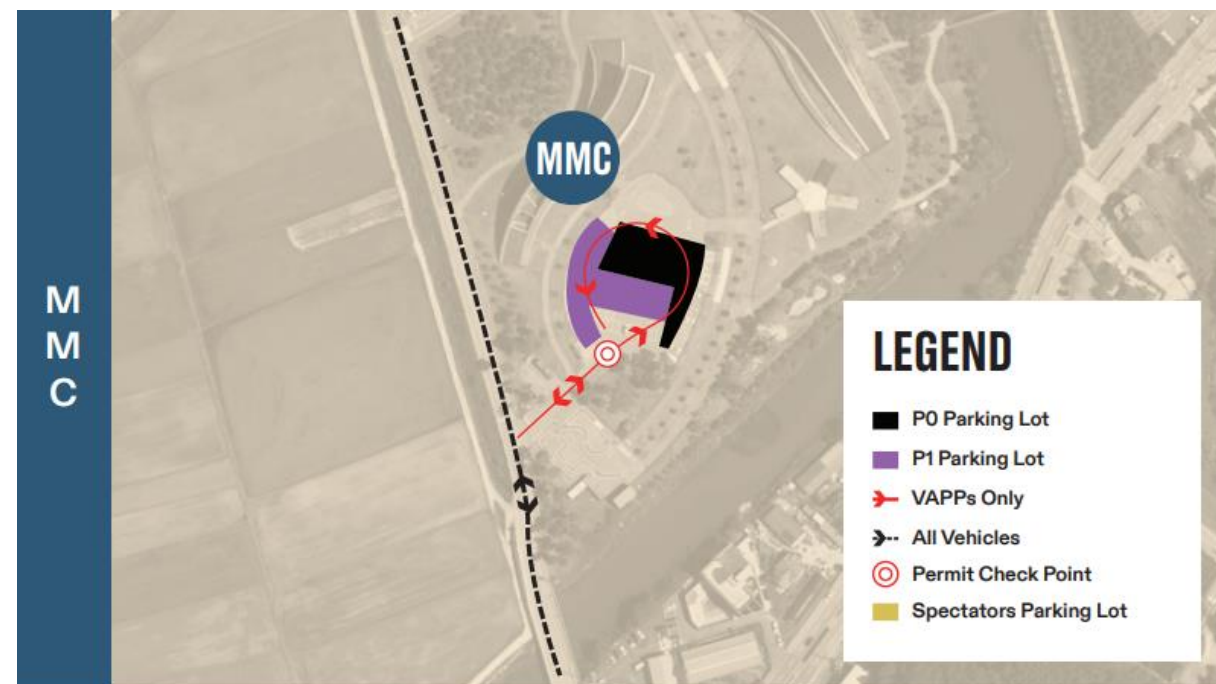

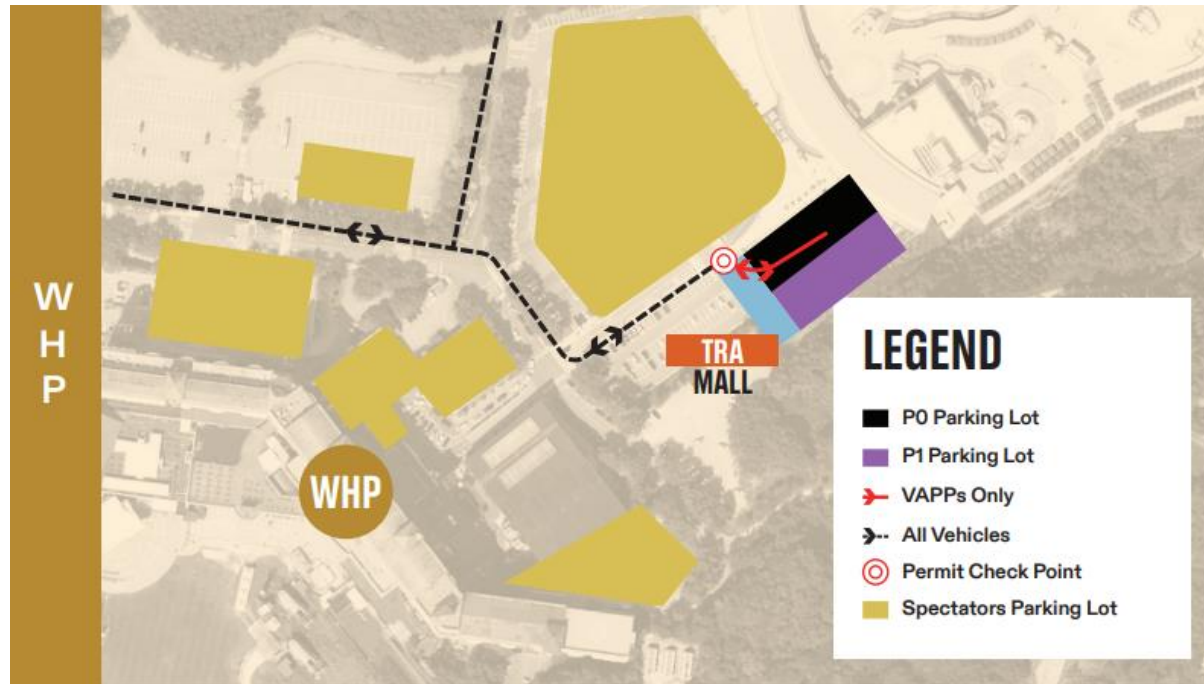

On the day of the opening ceremony, only vehicles equipped with VAPPs designated for the event are allowed access to the opening ceremony (GOV, GHC). General VAPPs are prohibited from use in the GOP on that day.

We would like to provide guidance on the procedure to follow in case you lose any belongings while using the transportation services (buses, operational vehicles) operated by the Gangwon Youth Olympic Organizing Committee-(YOGOC).

A Lost and Found center established at the transportation office located at Gangneung Olympic Park. Please refer to the following procedure if you have lost any belongings:

Personal Visit: For lost items, you (or your representative) must visit the transportation office in person to retrieve the belongings.

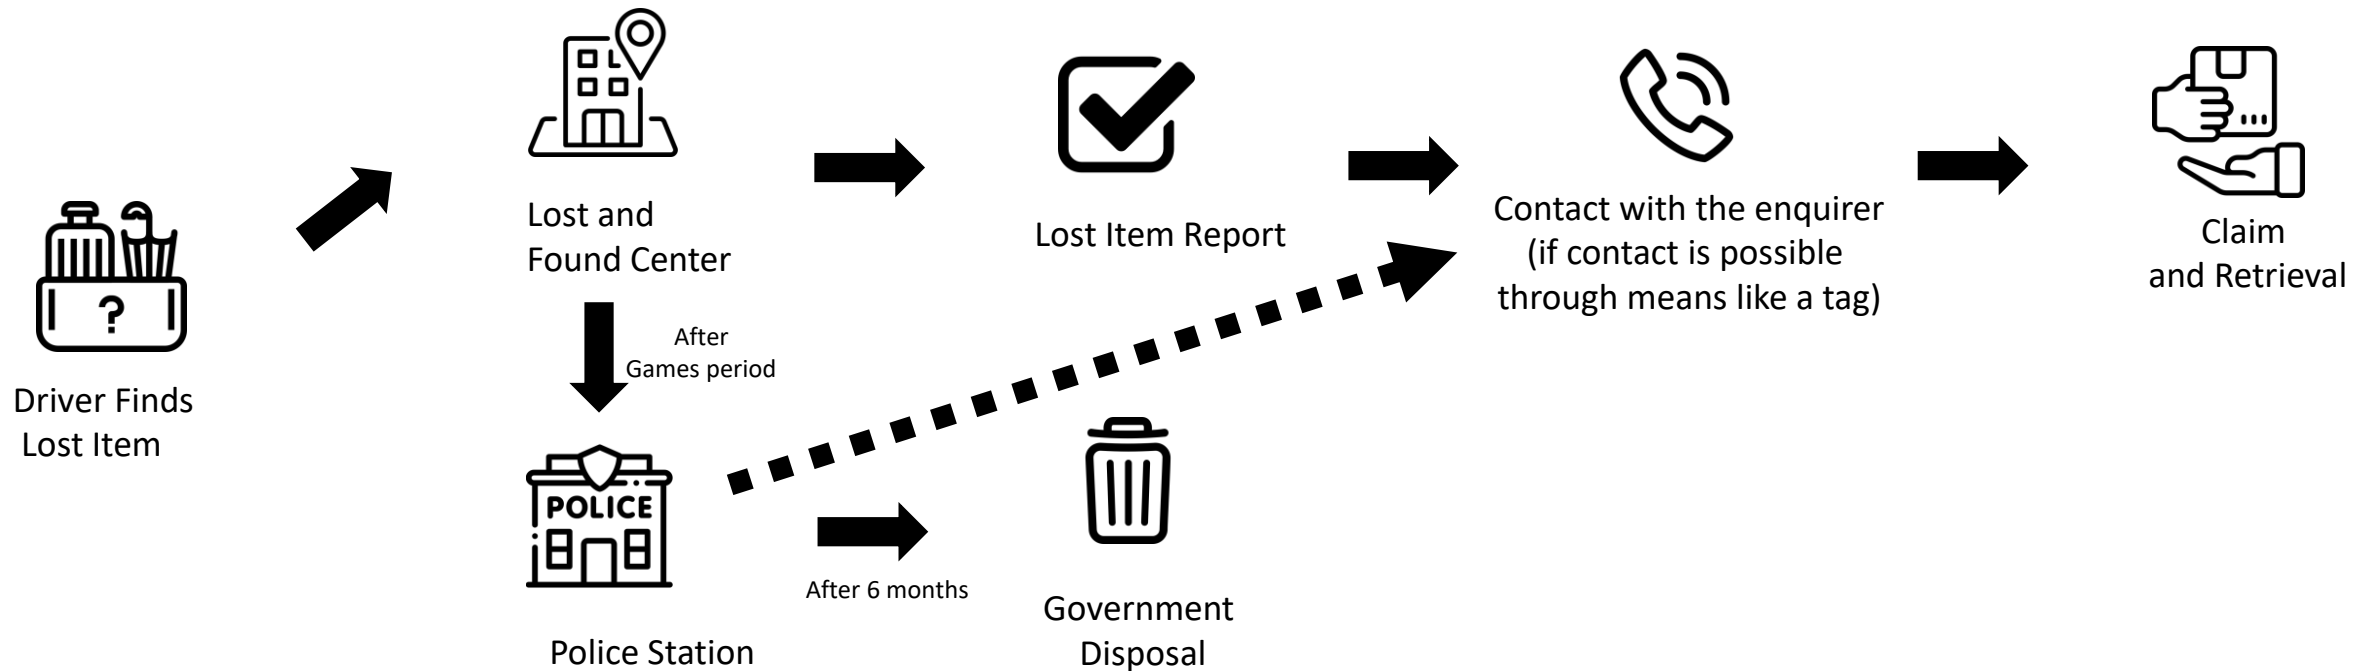

(Please note that separate delivery services are not available.)

In addition, there will be announcements regarding lost and found items inside the buses for your reference.

Contact – you can also email at transports@gangwon2024.org

(You can expect a response to your email within one day. We try to respond as quickly as possible, but please understand that there may be delays due to other tasks.)
